The Fund seeks to achieve its investment objective of total return by investing in the constituent securities of the Indxx China Infrastructure Index (ICHXX). ICHXX is a stock market index comprised of a representative sample of 30 companies that Indxx deems to be the leading companies in China's Infrastructure industries, as defined by the Industry Classification Benchmark (ICB). Under normal circumstances, the Fund will invest at least 80% of its net assets in companies included in the Indxx China Infrastructure Index and generally expects to be substantially invested at such times, with at least 95% of its net assets invested in these securities. The Fund will provide shareholders with at least 60 days' notice prior to any change in this policy. Shares are not individually redeemable. Shares may be redeemed by a Fund at NAV only in large blocks known as Creation Units.
